

Study & Protect

Insurance for your education

Enrolled Learner Protection

- Enrolled Learner Protection (ELP) cover was designed exclusively by Study & Protect and our underwriting partners to meet the requirements set out by the Education Act 2012 and those of the Dept of Justice as part of ILEP.
- The act calls for a Financial Instrument to protect the interests of the enrolled students in the event of the unexpected insolvency or closure of a privately owned education provider, or the provider's loss of accreditation.
- It is our firm belief that our products not only meet but exceed the requirements of the act and deliver security, convenience and value to students and education providers.
- Enrolled Learner Protection from Study & Protect is the first product to offer a viable alternative to the expensive purchase of a Financial Bond or similar products.

Insurance for your education

FAQ'S

What is Enrolled Learner Protection Insurance?

Enrolled Learner Protection Insurance means that in the event that a college closes before the completion of your course that the college providing the course must have a mechanism in place to either ensure you are placed into another college to complete your course or for you to receive a refund of fees last paid.

How does Enrolled Learner Protection work?

Following payment of the premium to O'DON by the college on your behalf O'DON will send through a certificate of insurance to you confirming that you are on cover. This certificate will contain your personal details and have a unique identifier for the policy. O'DON will also retain your email and telephone number in order to contact you directly should a college closure occur.

Do I need to retain my certificate?

Yes, please retain your certificate. This is your proof that you are insured and your course fees are protected. You do not, however, need to produce this document in the event of a college closure and a claim being made. If you have any questions in relation to your insurance please contact O'DON.

Who should I contact should my college close?

Please contact O'DON and quote your certificate number and confirm your college name in the event of a claim. O'DON and Hiscox will then be able to assist you through the process of either relocating you with another college or refunding the due fees.

Reasons to consider ELP

- Compliance with Education Act 2012 & ILEP requirements
- No need to tie up vital Working Capital in Financial Bonds
- No additional administration for your organisation
- Cover rests with student, thus ensuring they are fully protected
- Enhance the reputation and security of your business
- ELP may enable education providers to deliver unique courses and syllabi

Our experienced education team is available to assist you in the process of joining the growing list of education providers who are approved on the ELP programme.
